A CASE OF SPINAL DISEASE CURED.
This is to certify that I went to see Mrs. Manchester last March with a daughter of mine troubled with spinal disease, for which she had been doctored for five years, and by a number of physicians of all kinds; and she had twenty-one applications of electricity applied, but all to no effect; but she continually grew worse. I came to the conclusion, the last resort, to go and see Mrs. Manchester, and did so; and to my great surprise she told me the first cause of the disease, and how she had been from time

to time, which encouraged me to try her medicine I did so, and now my daughter is able to be about the house all of the time. She also rides ten or fifteen miles without any trouble or inconvenience, and I think in a short time she will be restored to perfect health. Since my daughter has been restoring, we have heard of a great many cases that Mrs. Mancher has cured. I think if any person deserves credit, it is the one who tries to preserve the health of the sick and suffering; and I know that she was every effort which lies in her power to benefit her patients.

ONE OF THE GREATEST CURES on RECORD

Mrs. MANWORTH—Dear Madam:—Thinking statement of my case may be of service to others similarly afflicted, I hasten to give it to you.

This is briefly my case—I was taken sick about months ago with the Liver Complaint in a very bad form. I applied to four different physicians, but

received no benefit until I called on you. At that time I had given up business, and was in a very bad state of health, but after taking your medicine for a short time I began to recover, and in two months I was entirely well, and had gained several pounds of flesh, and can truly say that by your skill I am a perfectly healthy man.

A REMARKABLE CURE OF A CASE OF DRYSURE BY MRS. MANCHESTER.

This is to certify that I have been cured of Dropsy of fifteen years standing by Mrs. Manchester. I have been to physicians in Boston, New York and Philadelphia. They all told me that they could do nothing for me, unless they tapped me, and I was sure that by tapping I could live but a short time. I had made up my mind to go home and die as long as I could with the disease, and then die. My way home I stayed over night in Portland with a friend of mine, and told them what my mind was regarding my disease. They finally persuaded me to go and see Mrs. Manchester. She examined

I was so much astonished to think that she told correctly, that I told her that I would take her medicine, not having the least faith that they would me any good, or that I should get the slightest relief from any course whatever; finally I took the medicine and went home. In one week from the time I commenced taking the medicine, I had over two gallons of water pass me in seven hours; and my sufferings may be ascertained that it was a great relief to me. I had not been able to lie down in bed night before the first two years. Now I can lie in bed

with perfect ease. I have taken her medicine eight months, and am as well as any man could be, and no signs of dropsy. I would advise that are sick to go and consult Mrs. Manches, even if they have been given up by other physicians. I have sent her a number of cases of gut diseases, and she has cured them also. Go and for yourselves. I had no faith, but now my faith cannot be shaken in her skill in tolling and curing disease.
